SUMMARY

Final-semester CSE undergraduate with a strong analytical mindset, hands-on full-stack development experience, and IEEE-published research. Proven ability to deliver high-impact projects, collaborate in fast-paced teams, and translate data into insights using MS Office and modern web tools. Passionate about digital innovation and creating measurable value. Adaptable, solution-oriented, and eager to contribute to high-impact initiatives.

TECHNICAL SKILLS

Analytical & Research: Data analysis, research methodology, report writing, MS Excel, PowerPoint, Word

Technical: JavaScript, TypeScript, React.js, Next.js, Node.js, Express.js, MongoDB, REST APIs, Git, GitHub

Soft Skills: Team collaboration, communication (English & Bengali), adaptability, fast learning, creative problem-solving

Tools: Figma, VS Code, Jira, Vercel, Google Sheets API, Linux

PROFESSIONAL EXPERIENCE

Technical Intern (Software & Operations) | Saqlaen LLC

Hybrid | June 2026 – Sep 2026

Enterprise Omni-Channel EdTech Platform (MERN Stack + TypeScript)

- Collaborated on core development sprints and code reviews for a MERN + TypeScript EdTech platform.
- Built Google Sheets API pipelines for automated bulk question imports and data management.
- Tested critical modules (MCQ engine, video streaming, payments) and assisted in RBAC & approval workflows.
- Contributed to student features: Mistake Notebook, Performance Analytics, and Bookmark Management.

PROJECTS

1. RentEase - Property Rental & Booking Platform

[Live Link](#) | [GitHub \(Client\)](#) | [GitHub \(Server\)](#)

Description: Architected a full-stack MERN property rental marketplace enabling tenants to discover, book, and pay for rental properties, while providing owners and admins with role-based dashboards for platform management.

Technologies: Next.js | Express.js | MongoDB | Firebase | Tailwind CSS | Stripe | JWT | Vercel | Render

Key Features:

- Implemented role-based access control for Tenant, Owner, and Admin using JWT and Firebase Google OAuth with persistent protected routes.
- Integrated Stripe payments with pre-payment booking clash validation to prevent duplicate reservations.
- Built a property moderation system with Admin approval, owner rejection feedback, and real-time notifications using 30-second polling.
- Developed advanced search, filtering, sorting, and backend pagination using MongoDB \$regex and query operators.

2. StudyNook - Library Study Room Booking Platform

[Live Link](#) | [GitHub \(Client\)](#) | [GitHub \(Server\)](#)

Description: Built a full-stack MERN room booking platform with secure auth and automated conflict detection for efficient study space management.

Technologies: React.js | Node.js | Express.js | MongoDB | Firebase | Tailwind CSS | JWT | Vercel | Render

Key Features:

- Implemented JWT auth (HTTP-only cookies) and Firebase Google OAuth for secure user onboarding.
- Built CRUD room management with ownership verification and MongoDB \$push/\$pull for reliable booking, including conflict detection to prevent overlaps.
- Developed search/filter using MongoDB \$regex and \$all operators, improving discovery and UX.

RESEARCH & PUBLICATION

XGBoost and Temporal Feature Engineering for CO Emission Forecasting in Dhaka

[IEEE Xplore](#)

Accepted at the IEEE International Conference on Computer and Information Technology (ICCIT). Applied supervised machine learning with temporal feature engineering to forecast CO emission levels in Dhaka city.

EDUCATION

Bachelor of Science in Computer Science & Engineering

2022 – Present

American International University-Bangladesh (AIUB), Dhaka, Bangladesh

CGPA: 3.47 / 4.00

EXTRA-CURRICULAR ACTIVITIES

- General Member**, AIUB English Club (2023 – 2025) – Participated in public speaking workshops and inter-club communication events.
- Volunteer**, Swopnotori71 – Social Welfare Organization – Contributed to community outreach and social welfare activities.

CERTIFICATIONS & ACHIEVEMENT

- Complete Web Development Bootcamp** | Programming Hero

Feb 2026 | [View Certificate](#)

LANGUAGES

Bengali – Native | English – Fluent (Reading, Writing, Speaking)
